

# School Land Trust Plan 2022-2023

To increase student performance (raise percentage of proficiency school wide) on RISE testing in Mathematics.

2021-2022 RISE test results in mathematics will serve as baseline data. An increase of 2% growth school wide annually will be the goal. Technology inventory and use will also be recorded.

## Action Plan

1. Job openings will be posted for math paraprofessionals.
2. Quest Administration will interview and hire four individuals who meet job qualifications.
3. Land Trust money will be used to pay the salaries of the math paraprofessionals.
4. Quest will purchase classroom sets of Chromebooks for students.
5. The Chromebooks will be configured with Chrome OS settings and Google's management console.
6. Total Land Trust funding and the school's general funding will complete the purchase of these Chromebooks.
7. The Chromebooks will be distributed to students to access necessary learning materials and math programs.

There will not be any carryover.

If there are increased funds, they will be spent on additional sets of Chromebooks, teacher computers, and iPads. The purpose being to increase scores in math as measured by the RISE assessment.
